PHAIDRAcon 2024

Sponsoring Information

“

PHAIDRAcon'24 draws together institutions from across Europe to share learning and best practice on the management of digital assets across: academia, the arts, humanities and cultural heritage.

From digitized art, manuscripts and cultural artifacts; across research data management, digital music; to sound and broadcast recordings: PHAIDRAcon offers real world experience and advice from leading practitioners in the field.

Our focus stretches from preserving knowledge, culture and assets in our digital age; to the exploration of new and exciting opportunities for creating value, sharing, open learning and expanded access to assets within the digital realm.

With our concentration on free and open source technologies, participation is also free of charge, which means we rely on the support of our sponsors.

**Building &
Preserving
The Value of
Digital Assets**

”
